

WIFE POURS VITRIOL ON HUSBAND'S FACE

GENEVA, Sept. 8.—A Geneva woman, forty years of age, the wife of a well-to-do tradesman and the mother of three children, took a terrible revenge last evening on her husband, who had started divorce proceedings. He was proceeding along the quietude of the quiet when he suddenly felt two hands and fingers closing his eyes as in a joke, and a voice asking: "Who am I?"

He answered, "I don't know." Then a voice answered, "I am your wife," and at the same time a pint of vitriol was poured over his face and chest.

The man is now in hospital and is not expected to recover, and his wife is in prison.

INTERLAKEN, Sept. 8.—The advertising agent of one of the Swiss mountain hotels near Lucerne recently devised the scheme of sending out a balloon attached to which were tickets for free trips and free meals. This apparently harmless advertisement, however, had an almost tragic sequel. A number of peasants in the Wolfen-schellen valley, seeing a balloon hovering above their heads, fired their military service rifles and opened fire on it in order to bring down the supposed free tickets. Unfortunately the balloon was a passenger one which had ascended from Lucerne.

The aeronauts luckily came to earth unhurt, but the marksmen were taken into custody.

Rheumatics No Longer Dread Changeable Weather

The prescription, "Nurito," free from Opium and Narcotics, found to be the antidote to uric acid, gives remarkable results, almost immediate relief and an absolute, quick cure to rheumatic sufferers. This is now testified to by many Fresno sufferers, and what is better than home testimony.

If you have Rheumatism, Sciatica or Neuritis, be assured that you will get rid of it or your money will be refunded. "Nurito" will banish all aches and pains, limber up those stiff and inflamed joints and muscles. Go to the San Joaquin Drug Co., or the Monroe Drug Co., and get a \$1 box of "Nurito," the prescription that produces results.

You can feel it working. Compounded by the Magistral Chemical Co., Flatiron Bldg., New York.

For Your Table Red and White Wines

The very best of California Red and White Wines have been secured by us for our patrons. These wines are very good for the health, being absolutely pure. They are highly recommended and better wines can not be bought anywhere. Our prices are very reasonable.

Fresno Bottle Beer at brewery selling price.

POLITICAL NOTES

(Continued from Page 1.) taken among and with the lovely and written up by his press agents.

Debs devoted most of his speech to denunciation of Roosevelt and Taft and his only reference to Woodrow Wilson was that he was controlled by the capitalist class.

His speech was filled with epigrams which he called "roughneck philosophy." The Socialist leader concluded with an appeal for woman suffrage which will be opened up in Arizona.

BRYAN'S TOUR.
LOS ANGELES, Sept. 8.—William J. Bryan is to make three speeches in California in the interests of Governor Woodrow Wilson the latter part of this month, according to word received today by Democratic leaders. Bryan will arrive in Los Angeles on September 23 and will speak here on that date. The following day he will speak in Sacramento and on September 25 he will deliver an address in San Francisco.

The speeches will be made under the auspices of the Democratic state campaign committee and the Woodrow Wilson league of California.

NOMINATED FOR CONGRESS.
First Washington District—Daniel Landon Blount, Progressive, re-nominated.

Second Washington District—Stanton Warburton, Progressive, re-nominated.

WILSON CONTRIBUTIONS.
NEW YORK, Sept. 8.—Twenty thousand persons have contributed to Woodrow Wilson's campaign fund. The fund at present totals \$175,000. This was stated tonight at Democratic national headquarters which made public a list of contributors containing, it was stated, the names of all who had contributed the sum of \$100 or more.

Rolla Wells, treasurer of the committee, said that while the sum received was encouraging it was "totally inadequate" to conduct the campaign properly, but he believed contributions would continue.

The largest contributions thus far have been made by Henry Morgenthau, chairman of the national executive committee; F. C. Penfield, a wealthy Democrat of Germantown, Pa.; and Henry Goldman, a New York banker. Each gave \$10,000.

Five \$5,000 contributions were received. The givers are Charles H. Crane of Chicago, vice chairman of the national finance committee; Rolla Wells, former mayor of St. Louis, the national treasurer; Cleveland H. Dodge and Jacob H. Schiff, New York bankers; and Hugh C. Wallace of Tacoma, Wash., national committeeman from Washington.

Among other large contributors are: James B. Regan, D. W. Hyman and Jacob Wetzel, \$2,500 each; J. D. Pheasant, former mayor of San Francisco, \$2,000; William J. Bryan, Norman E. Mack of Buffalo, national committeeman; John B. Stansfield of New York, former Democratic candidate for governor of New York, and Perry Belmont, \$1,000 each.

Louis D. Brandeis of Boston, gave \$250, and Richard Olney, secretary of state and attorney general under President Cleveland, gave the same amount.

REACHES SPOKANE.
SPOKANE, Sept. 8.—After an all-day ride from Helena, Colonel Roosevelt reached Spokane at 8 o'clock tonight. He went direct to his hotel for the night.

Crowds were on hand at most of the intervening stations and they were so insistent in their demands for speeches that he yielded and "preached sermons" as he put it, upon right conduct in public life.

At Paradise, Mont., two young women were in front of the crowd which greeted the Colonel. They told him, "This is Paradise," they told him. "Yes, I know that," the Colonel responded, "I see the angels."

GAMBLING DRIVES LAWYER TO SUICIDE

BERLIN, Sept. 8.—One of the cleverest and most successful of Berlin barristers, Councillor of Justice Michaelis, has committed suicide at Englehen, near Paris, after vainly endeavoring to retrieve his fallen fortunes at the gambling tables.

After Michaelis filled a prominent position in many ways; he was devoted to art, literature and the drama, and was an intimate friend of Hauptmann and Sudermann. His legal advice was eagerly sought in intricate questions of international law. One of the biggest cases brilliantly won by him was Captain Heffeld's suit against the Russian Government, and the confiscation of the Russian Government's deposits at the Meidelsohn Bank.

Happily married himself, one of Michaelis' "specialties" was the divorce suit. He made an average income of \$25,000, but his passion for gambling was paramount, and finally, unable to meet his liabilities, he drowned himself in the Seine at the age of fifty.

GIRL FEARS ARREST; LOVER SHOTS HER

VIENNA, Sept. 8.—Lack of money to pay for a dinner at a country inn resulted in a terrible tragedy at Miroslaw, near Olmutz, photographer named Marie Friedlich, for an excursion. They had dinner at a small inn, and finding that their joint money was not sufficient to pay for the meal they ran away to escape payment.

The waitress pursuing them, overtaking the couple just at a wayside cafe. Unable to face the diagram of being arrested for swindling, Marie Friedlich begged her lover to shoot her. Klitsch drew his revolver and fired one shot wounding her fatally. Then he tried to shoot himself, but was prevented.

Friedrich begged that a priest might be summoned, but died before her wish could be fulfilled. Klitsch was arrested.

FIREHKA. Sept. 8.—Seven crackers were killed and a number of others were injured in a fire which broke out at a wayside cafe. Unable to face the diagram of being arrested for swindling, Marie Friedlich begged her lover to shoot her. Klitsch drew his revolver and fired one shot wounding her fatally. Then he tried to shoot himself, but was prevented.

Friedrich begged that a priest might be summoned, but died before her wish could be fulfilled. Klitsch was arrested.

RIOT AT FUNERAL; TWO ARE ARRESTED

GENEVA, Sept. 8.—At Arlon, on Lake Constance, a riot took place yesterday in the cemetery on the occasion of the burial of a young Italian Socialist who had been killed accidentally in a factory.

It was a religious riot, for the victim was known to be an atheist, and the mob wished to bury him with religious services. The cure was beating the burial service when a number of Italians entered the cemetery, and attacked the cure and his assistants, who fled.

The Italians lowered the coffin of their comrade and filled up the grave themselves, leaving the cemetery in order. Two of the riot leaders were arrested.

GERMAN CATHOLICS HOLDING CONVENTION

SACRAMENTO, Sept. 8.—Seven hundred German Catholics from various cities in California today opened the annual convention of the state federation of German Catholic societies here.

Following a parade today, published high mass was sung by the cardinal, Most Rev. Angel, bishop of the diocese. In the afternoon there was a brief session at which the reports of the various societies represented at the convention were received.

An address was delivered by Father Peter Cupeera of Santa Fe, N. M. A number of resolutions were read by the Rev. Father Maximilian of Fresno, which will come up for consideration at the session tomorrow.

STABS FOUR PEOPLE BECAUSE OF DEBTS

BARCELONA, Sept. 8.—An old man of sixty-three who had fallen into money difficulties and whose house had been seized for debt made a desperate attack upon his creditors at Granollers, near Barcelona, last night.

Calling first upon a manufacturer who had been instrumental in arranging him for a district, he stabbed him fatally in the stomach. He then went immediately to the house of a lawyer whom he killed in the same way. Going on to the bathhouse who had made the seizure, he wounded him severely. Finally he stabbed the Advocate-General of the district.

Dejected while carrying out this last attempt, he wounded severely people who tried to arrest him and succeeded in escaping.

MOTORCYCLE RACING ENTERTAINING FANS

NEW YORK, Sept. 8.—Motorcycle racing seems to have caught the public's fancy as suddenly and swiftly as moving pictures did a few years ago. In fact, a dozen camps of the United States there are in operation specially built, semi-circular grandstands, while in other places other places ditto race courses are being utilized as a pathway for the automobile cycle tracks near New York, one at Brighton Beach and the other at New York City.

The sport has imparted an impetus to the country. With the reports of the latest races paid for by the automobile cycle tracks at these metropolitan tracks, the courses in the West are being besieged by young enthusiasts anxious to break into the game, in the hope that they too can share in the prize.

Denver and Salt Lake are two cities the inhabitants of which have become the most rabid of motor cycle fans. Four and five cards of races are held each week in both places, and a score of track riders are in competition there. The old Los Angeles automobile track is being used for the latest motorcycle races, and in the North-west promoters are turning on established motorcycle tracks at other Seattle or Portland.

There are a couple of "twists" in Chicago, where the sport has not attracted the attention it has elsewhere. In other cities, however, in Atlanta, the dirt course just in the back of the city has been banked at the turns, and the same is true in St. Louis. At Kansas City a "velodrome" is in course of construction, where a speed of 120 miles per hour may be attained. There is also a suitable track in Oakland, Cal., across the bay from San Francisco.

The interest aroused by the performance of the professional racing motor cyclists is evident in a country fair held there, a series of sprints between these young men, fortunate enough to own the two-wheeled, is guarded. And the events are as popular with spectators as horse racing, and vie closely with automobile racing.

The movement may also be traced in the formation and growth of hundreds of motorcycle clubs, and of their activities in road runs, reliability tours, long distance races, and other attractions. This year has seen more doings among motor cyclists than any previous season.

Before the two local tracks were opened the stars were all centered in Denver and Salt Lake. At the former place the Tueller track is located in a sort of canyon island, a few miles from the city by trail. In Salt Lake the track is located at Saffair, the resort on the Great Salt Lake, where it was once planned to hold the Jeffries-Johnson fight.

Some of the fastest riders who have ever straddled a frame were "discovered" at these tracks. Johnny Albright being an example. He is now riding at Brighton Beach. Arthur Chapple, the New Yorker, did his early riding and established his reputation in the West. Eddie Haska, the mile record holder, is a Texan, having from Dallas. He made his first speeding trips on Texas horse tracks, and eventually worked up to title-holder on board circuits.

Curiously enough, there have been very few serious accidents at any of the board tracks since the inauguration of the racing. Despite the fact that the riders frequently attain a speed of from 50 to 90 miles an hour and ride with their machines and bodies practically parallel with the earth, there have been no fatal crashes within the past few months, during which the sport has gained such a vogue.

Good fortune has apparently ridden shoulder to shoulder with the daring motor cyclist, as these have blown off, precipitating riders and machines to the bottom of the track in a tangled heap, yet in no case have these injuries been even serious. The riders, however, take no unnecessary chances and handle up well, protecting all vulnerable spots.

Sole leather head guards, the sort used by football players until the rules committee decided them ineligible on account of their hardness, are used by the riders. Some are reinforced by steel mesh. The riders also protect shoulders and elbows by leather guards and frequently wear pneumatic chest and stomach guards, similar to those used by baseball players. All of the riders wear little three-quarter patent leather boots, jockey's-bumps, and all wear goggles.

Stripped of all unnecessary weight, the motorcycles consist of little more than a frame and an engine. The pedals and chains for propelling the machine by human power are taken off, and even the brakes are removed. "Fixers" are used to start the racers, the riders holding fast to a cord while the touring machine gets them under way.

As flying starts are used in motor cycle racing, it is practically impossible to get all the riders away together. Several yards separate them at a usual thing, but this makes no difference in the judging of the race.

When you go to San Francisco, stop at the **WINCHESTER HOTEL** THIRD & MARKET STS.

Meet centrally located—Close to Theatre and Shopping Districts.

PRINTERS' INK PAYS

UNCLE SAM LEADS THE WORLD

UNCLE Sam leads the world in so many things that no other nation is even a close second.

Do you know that the post-man who brings letters to your door represents a system which does one-third of the world's entire postal business?

That the dollar in your pocket was issued by a treasury which has more money, manufactures more money, handles more money, and collects more money, than any financial institution, national or private, anywhere?

That the Weather Bureaus of other nations are making their weather forecasts by the aid of discoveries made in your Weather Bureau?

That the best Army medical corps in the world is yours?

That Uncle Sam has the world's most extensive light-house system?

That he is building the biggest battleship, has the biggest coast defence gun, and the greatest gun factory in the world?

That the Government Printing Office is the largest public printery in existence?

Part of the creed of every American is to believe that he is a citizen of "the greatest country on earth."

It is one thing to believe and loudly voice this belief, but it is nobler citizenship to have a quiet conviction of it based on facts.

When you have read

The American Government

BY FREDERIC J. HASKIN

A Book That Shows Uncle Sam at Work

you will wonder how with all the reading you have done, you have learned so little comparatively about your Uncle Sam.

It is a big vital book brimming over with information of vast importance and intense interest to every American citizen.

Read it and be ready to swamp every critic of your country with an overwhelming mass of facts.

HOW TO GET THIS BOOK

Desiring to render a great educational service to its readers, The Fresno Republican has arranged with Mr. Haskin to handle, WITHOUT PROFIT TO ITSELF, the exclusive output of his valuable book for Fresno. Cut six consecutive coupons (see page 7) from the Fresno Republican, and present them with 50 cents to cover the bare cost of manufacture, freight and handling, and a copy will be presented to you without additional cost. Bear in mind that this book has been most carefully written; that every chapter in it is checked for by an authority; that it is illustrated with photographs taken especially for it; that it is printed in large, clear type on high quality paper and BOUND IN HEAVY CLOTH, an attractive, durable, permanent volume.

Save six consecutive coupons and present them to The Fresno Republican office, corner K and Tulare Streets. EACH BOOK BY MAIL, 15 CENTS EXTRA FOR POSTAGE.

Cut Glass

We are now making a very elaborate display of the newest cut glass, and cut and engraved glass.

The ware we are selling is absolutely the finest made in the United States.

It comes in every conceivable design.

WHOLE STATE IN MIDST OF ERA OF EXPANSION AND DEVELOPMENT

Large Tracts Being Subdivided, Great Industrial Enterprises Under Way—Fresno Figures in the Record Improved Acreage Sale of Month

That California is undergoing a remarkable period of industrial expansion and development is indicated by the monthly bulletin of the California Development Board, just issued for August. From all parts of the state, but especially in the San Joaquin valley, are reports of large tracts being subdivided for colonization. This is doubtless preliminary for the great rush of settlers following the opening of the Panama canal.

Fresno figures with the highest priced acreage sale, 100 acres of vineyard and orchard for \$12,000. The great James ranch of 72,000 acres, now being prepared for colonization, is not included in the list of great domains soon to be a thing of the past.

After reviewing weather conditions, the bulletin says:

The secretary has visited and made an extended study of Alameda County during the month. The harvest of the various crops has so far been quite satisfactory. Both in yield and returns, and the farmers generally are reported as being well pleased with the results, and are entering the season of their activities on every hand. Public, corporate and private construction is constantly adding to the permanent values of the state. By subdivision of large holdings, irrigation and reclamation, large areas are being made available for the homesteaders who are coming in increased numbers into the state. Thirteen thousand acres have been added to the Modesto-Turlock Irrigation District.

The McKay ranch, 11,000 acres, in Fresno County, has been sold for \$150,000, and will be subdivided. One thousand were sold of 800-acre project, near Orland, is being planted to oranges. On 30,000 acres of the Jacks Land Company in Monterey county, 65 electric pumping plants have been installed, giving ample water supply.

The Colville Irrigation system to supply 70,000 acres is near completion. Pumping system installed in upper part Sacramento county to water 20,000 acres. Record use of irrigation this season, brought fine results. Four hundred and twenty-five thousand dollars has been received for the Patton ranch, Modesto county. The acre tract of 10,000 and vineyard land near Fresno sold for \$150,000, 30,000 in alfalfa, 10,000 in land, 10,000 in grapes near Dixon, in Solano county, are to be brought under irrigation. San Mateo, capital is building levee seven miles long to reclaim 5,000 acres on San Joaquin river for grazing in the dry season.

Five thousand acres of olive, besides large orange and lemon acreage, have been planted in Tulare the past season.

Bank Clearings—August	1912	1911
San Francisco	\$236,193,027	\$206,585,227
Los Angeles	94,218,629	78,823,127
Oakland	17,124,715	14,124,715
Sacramento	8,274,192	6,953,920
San Diego	10,738,772	9,983,920
Fresno	2,840,193	2,382,157
Stockton	2,819,672	2,384,468

G. A. R. VETERANS LEAVE FOR SOUTH

Special Cars Attached To 8:15 Train This Morning

Over fifty veterans of Atlanta Post of the Grand Army of the Republic will leave this morning for the national camp of the G. A. R. which opens in Los Angeles today. Two special cars are to be attached to train No. 10, which leaves Fresno at 8:15 and the soldiers will be permitted from Visalia, Hanford, Tulare and Bakersfield as well as this city.

The members of the posts of Veterans in Selma, Kingsburg and Arvin, who have been invited to join with the Fresno Post in the excursion south, will be permitted from Visalia, Hanford, Tulare and Bakersfield as well as this city.

The members of the posts of Veterans in Selma, Kingsburg and Arvin, who have been invited to join with the Fresno Post in the excursion south, will be permitted from Visalia, Hanford, Tulare and Bakersfield as well as this city.

The members of the posts of Veterans in Selma, Kingsburg and Arvin, who have been invited to join with the Fresno Post in the excursion south, will be permitted from Visalia, Hanford, Tulare and Bakersfield as well as this city.

WORSWICK CO. MAY START THIS WEEK

Now Awaits Return of State Highway Contracts from Attorney General

The Worswick Paying Company expects to be able to start work on a large highway construction project this week, although all depends upon when the attorney general returns the contracts, after passing on them. Fred Under, president of the company, said yesterday, that he expects to receive the contracts about the middle of this week, although he has no definite information that they will arrive at this time.

The Worswick Company is ready to begin work immediately. The plan now is to start grading about two miles north of Fresno and eventually to have construction work progressing on all four strips of about 25 miles of road to build.

When the work is started, it will be pushed with all possible speed in completion and be the first of next February it is probable that the bulk of the state highway construction between Fresno and Merced will have been completed.

BUYERS ARE OUT FOR MORE RAISINS

Giffen-Hobbs Co. Has Sold Much More Than Its Capacity

A large number of buyers were in the field early Saturday morning, looking to buy raisins, and the price as much as possible.

The passing of the cloudy spell and the absence of rain did not affect the opportunity desired to get back and wait until growers have a demand for the only thing that would be done, was heavy buying, sought to get as big a tonnage as possible, at as low a price as possible.

Evidence of the great shortage of the Giffen-Hobbs company has been forthcoming in the past two or three weeks in concrete form. This company has far exceeded its capacity for Eastern delivery and has been trying to lease any other packing house to back about 100 tons of raisins. The Giffen-Hobbs quotations to the East have been on a 25-cent basis, but for this season, it is lower to maintain a 25-cent price so that it will not be forced to sell at heavy loss.

The Giffen-Hobbs instance is left one instance of shortage in the district.

The packers assert that they are only buying as they receive orders, and the evidence is showing that there have sold far in excess of what has been bought from growers and are now trying in every way to cover at the low figure. One buyer asserted yesterday that if goods were selling well over cost, he did not see anything wrong in sending them over not working satisfactorily in handling as practically every one of them is now doing, and trying to keep the price far below the cost of production.

ELEPHANT ALMOST HUMAN IN ACTION

There is only one elephant in the world that has ever learned to toss a ball. Harry L. Mooney, boss of the pachydermal department of Barnum & Bailey's circus, taught the elephant to perform the feat.

Everybody who went to the circus ten years ago will remember the ball-tossing elephant and his mother—the only elephant born in captivity. They were a feature of the circus. That baby elephant of ten years ago is Koko, the baseball player and circus star of today, and she certainly is "chump" in the ball show today. As Charles Matthews, with Chas. Meyers, watching and "Home Run" taker at the bat, Koko is one of the big hits of the circus.

"I don't believe the ordinary man understands what a remarkable feat has been accomplished in training an elephant to throw a ball," head trainer, Mooney, tells. "And after all, the result is not so much for the trainer as for the elephant. I did not teach Koko to throw the ball. She first naturally learned it herself. It took two winters to do it, working four or five hours a day.

"In learning to pitch, the great thing Koko had to learn was a quick, jerky motion. When we throw a ball is done chiefly by a quick, snappy motion of the wrist. You can hardly imagine an elephant snapping its trunk, but that is just what Koko does when she throws that ball.

"I began with her winter before last, but did not get very far. Last winter I took up the job determined to make a go of the ball game if I could. Koko and I spent four or five hours a day together. We would work half an hour, rest a few minutes, and then go at it again.

"It was impossible for me to take hold of her trunk and show her how to toss the ball. It couldn't have been done that way. What I did was talk to her. I urged her and explained what I wanted just as I would to a child. When she would make some little progress I would praise her and encourage her, and she would try harder next time.

"Finally she understood what I said, why, of course. Elephants actually learn to understand what we say to them. The other evening in the ring Koko was playful and tried to have fun with me. She wouldn't throw the ball, just dropped it down in front of her. I knew she was feeling bad, but of her, the public did not. Finally I said to her in a low tone, 'You had better don't you try to kid me, or I'll beat you when I get you outside.' She got up at once and went through her act as if she had been trained Koko to pitch.

"After the ball act was over, the number of a few weeks. Koko, the catcher, threw the ball, and Koko, the pitcher, played baseball better than anything else they do. The audience, who get up the ball, the whole act, as they have a great deal to do with it. Elephants love applause as much as a circus girl does.

"Party elephants compose the best of the Barnum & Bailey circus, and they'll all be in on Thursday, Sept. 12th.

FRESNO N. S. G. W. LEAVE ON SPECIAL

Will Participate in the Big Parade To Be Held Today

Headed by Grand Trustee William E. Thomas, over one hundred of the local Native Sons boarded the Fresno special train yesterday morning and left for Stockton where is being held one of the most successful Admission Day celebrations in the history of the state.

Lately in the morning members of Fresno Post No. 25 began to change about the special which lay in the depot yards, until the cars were overflowing. A swelling, joyous, care-free crowd waved enthusiastically from the train pulled out of its berth at 8 o'clock.

In a baggage car at the head of the train, many Fresno youths which will be on duty during the stay of the Native Sons in Stockton. Hundreds of bottles of local wines, cakes and five thousand cartons of cigars all for free distribution. The train was packed on the South Pacific, leaving at Stockton in the past at the National hotel and will be close to headquarters of the Native Sons in this city.

Today is the day of the celebration as the game parade, participated in by Native sons from every corner of the state, will be held this morning. There will show in great numbers in this parade at this city has made a great effort to continue other parks in the delegation on parade. In the past the parade will be the hands-on and the parade will be the hands-on and the parade will be the hands-on.

The Fresno delegation will arrive at 10:10 last night.

POPULAR PRICED VAUDEVILLE AT TEAL'S

Yesterday afternoon opened the fall season of vaudeville priced vaudeville at Teal's, and the vaudeville crowd that packed the house were both entertained and amused that they will be back in Fresno for the money.

Teal's vaudeville, old time favorites, opened the show and got a big ovation for its acts and his first act, a song with a storm.

Kirkland and Kirkland, in a funny skit, were a hit of fun and Mr. Kirkland's comedy has never been surpassed in Fresno.

Three, Henson and Company, a big three act, in the comedy drama, "Ambition," proved the class of the fall, and were roundly applauded.

The fall closed with an indescribably funny farce by the people to their first big applause and laughter.

The Black and White pictures were exceptionally fine.

There will be an entire change of fall vaudeville, and Friday night will be the last of the fall season.

The Jack Golden Musical Comedy Company of twenty-five people will appear for no lack of engagement.

Y. M. C. A. BOYS WILL MEET NEW DIRECTORS

Campfire To Be Kindled at Sign of Green Umbrella Tomorrow

In order to give the boys an opportunity of meeting the new physical director, Harry Frank, and the new assistant physical director, Gene Vincent, a campfire, which will be held tomorrow evening by the boys of the Young Men's Christian Association at the Sign of the Green Umbrella, the Y. M. C. A. grounds at J and Third streets.

A real campfire will be kindled—permission having been obtained from the fire department—and some of the boys will be there. Games of many kinds will be played and an informal musical program given. Joe Reiss, who made a journey last summer far beyond the creek, will tell the boys of his trip and Art Clark will read extracts from the "Campfire" magazine, published at the summer camp this year.

The affair will be in the nature of a reception, and will afford the directors opportunity to become acquainted with the boys who will work under them during the winter season.

Several hundred boys have been sent out, within the boys to the meeting. Refreshments of hot dogs will be prepared.

NEW PASTOR INSTALLED BY FRESNO GERMAN- LUTHERANS

Rev. Gruno of Newman
Conducts Service Be-
fore 600 People

Church Bower of Roses;
Danish Minister Wears
16th Century Robes

With the interior of the church a mass of floral decorations and between 500 and 600 people in attendance, Rev. H. E. Thiede, the new pastor of the German Lutheran church of this city, was formally presented to the congregation yesterday morning with the customary installation ceremonies. The services were conducted by Rev. W. Gruno, of Newman, who was assisted by Rev. Schoenow of Visalia.

Rev. Gruno, the installing minister, preached the sermon of the morning, referring to the new minister he said, in part:

"The service that he renders in word and example to his flock is as the servant of God but not as the tyrant of the public, which implies a cheerful obedience to the exhortations and exhortations of the Christian religion by the flock."

The sermon was preached from a pulpit beautifully decorated with roses, ferns, palm leaves and other floral decorations and the wall to the rear of the platform was a veritable bower of roses. Rev. Schoenow of Visalia assisted in the regular service and installation ceremonies. Rev. Jens Johansson of the Danish church also assisted, wearing a recent illness he was too weak to stand on his feet very long. He spoke briefly but created an impressive scene with long glowing robes attached to his costume.

Only a few weeks ago Rev. Johansson recovered from a severe attack of appendicitis for which he was operated upon. A delegation from the Visalia church attended the service and members of the regular service and installation ceremonies were introduced to the new pastor.

Healthy Mothers
Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the child finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes nature's fibers and muscles which nature is expending, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

QUALITY OF HEROISM IS SERMON SUBJECT OF DR. J. L. PITNER

Pastor of First Methodist
Church Speaks of the
Heroic Mold

"Heroes True to High Ideals
and Exhibit Best Possi-
bilities of Race"

The something of which heroes are made was the subject of the morning sermon yesterday of Dr. John Lloyd Pitner of the First Methodist church. Taking his text from the first Corinthians, 16: 13-14, "Watch ye, stand fast in the faith, quit you like men, be strong. Let all your things be done with charity," Dr. Pitner spoke in part as follows:

The dust of countless heroes mingles with the clouds we tread upon. The whole round earth is burdened with the monuments, tombs, pyramids and temples erected to commemorate the deeds of mighty ones and mark their resting places.

On tablets of hardened clay, deeply etched in imperishable granite, blazoned on marble walls or molded in the eternal bronze we find the stories of great achievements of the illustrious dead.

God and men declare that good and great deeds shall not be forgotten. Needs be but high and holy thoughts made visible and tangible. But all the sublime thoughts are not on record here among the mists and shadows of the earth life, nor have the historians recorded the sum of those deeds that proclaim the persistently heroic in the human race. A vast host of a vasty number of unnamed heroes and heroines, what is a bundle of possibilities. What is that something in man that wins the plaudits of a world and causes grateful people to pile the granite high over his grave?

My answer is twofold: First, every hero has in him an exceptional measure of true to the higher and purer universal ideals of the race. He has made luminous what was misty and nebulous in the common minds about him.

Secondly: Every hero exhibits some of the supreme qualities of higher position. He is a hero because of his audacity and compels applause by success where the timid saw nothing but the prospect of failure.

One of the most hopeful facts is this: the race is capable of a just appreciation of real heroism. Nor is the ability of the individual, in this matter, confined to the more enlightened races. It is a common virtue in all lands among all peoples and, even, in savage tribes admiration of brave deeds and unselfish devotion have been met with generous recognition.

History records how the common law of the world has been made common law, how the inspiration of sudden calamity or unlooked for pressure of responsibility, has made to shine as if divinity had robed it in the garb of angels. So we conclude that heroes are not made of finer stuff than their fellows but have been guided and inspired by those things which Heaven has placed within the easy reach of the active, the vigilant and courageous.

REAL HERO GENTLE

The real hero is gentle, has a profound respect for the feelings and reputation of others. He possesses the enthusiasm for humanity and seeks to conserve the higher interests of all mankind. He adheres to principle, he "stands fast" in his faith and is content to reap the fruits of a life of devotion to humanity and God. He realizes that principles are buoyant and those who cling to them cannot be utterly overwhelmed. Self denial is a shining trait of all who have joined the hero's guild. Only the men who, in a splendid sense, lose their life, find it in blissful service for others.

Respect for the calls of duty coupled with a holy fear of God are quite enough to account for the glorious careers of many men and women. The most pathetic and the most inspiring stories of noble living may never be told in earthly words or papers. In the often dreary walls of humble life, unnumbered true heroes and heroines struggle toward recognition and reward in the kingdom of Him who never fails to search the hearts and weigh the motives of all.

THE COMB'S MORNING STORY

You know the story the comb tells. It's a very discouraging story, too. Day by day, a few more strands are added, of hair that is turning grey, losing its vitality, its strength and its health. Grey hair is as unbecoming as old age. Natural pride should have its own say. You wish to look young and it is your DUTY to appear so. You can't even LOOK young if the silver threads begin to show. Be a "Young Woman" in looks, always. The grey hairs belong to the clasp and end to the grandmother.

Stay out of the grandmother class, until your years justify it, by using —

SURE CURE FOR BLUES IS PRESCRIBED BY DR. BREEDEN

Temperament, Sin, Trouble,
Affliction and Gloomy
Theology Causes

Cheerful Views of Life and
Future and Apprecia-
tion Are the Cures

The many reasons for depression—common among the blues—were set forth and the remedies for the condition prescribed by Dr. H. O. Breeden of the First Christian church in his sermon last evening. In brief, the pastor spoke as follows on his subject, "A Cure for the Blues."

The causes of despondency are many and various. To enumerate them is to catalogue the states of the soul and body.

Natural temperament is one of the causes of despondency. We have distinctly marked what is known as the melancholy temperament. This person is subject to hours of the most abject despondency. He never looks on the bright side of life.

Bodily affliction or ill health is a cause of despondency. Much of the religious depression that visits people is the result of improper care of the body. Bodily health has a great deal to do with the rest and buoyancy of the mind. Some forms of disease are very depressing and almost inseparable from mental depression. More than one man has ended a miserable life brought on by self-induced causes.

Borrowing trouble is another cause of despondency. Against this habit Christ speaks: "Therefore take no thought for your life, what ye shall eat or what ye shall drink nor yet for your body what ye shall put on. Is not the life more than meat and the body more than raiment? This is a thought but at judicious forethought to the effects of scientific discovery upon religious beliefs, for if the facts were suppressed, how could religious beliefs, there would have been no advance in the knowledge of the universe at all. Science speaks merely to establish truth, therefore it cannot be an enemy to religious truth.

Then to all this list of earthly trials must be added the still heavier burden of a gloomy theology that casts its dark shadows into a still darker world beyond. The view that all the uncounted millions of heathen were passing from this world into an eternal torment; the view that for many of our race there is no hope in Christ, that they were created to perish; the torture of very many sincere souls who have feared that they were left out of God's decrees and election; the unspeakable agony of those who, bound above the grave and coffin of babies with a feeling that their little forms might be torn by fiends and dashed against the wild fiery waves of hell forever—such views are enough to crush the heart and drive out of the race the noblest and best.

But having pointed out some of the causes of despondency, let us try to find the cure. And first insofar as these causes are the result of man's own carelessness or wickedness the cure is to be found in avoiding the causes. A very large part of the suffering of our world might not be and would not be were all to do right—to do as well as they know. But such words come too late for many of our people. We have wasted years that may never be recovered. We have come under penalties whose effects no repentance can wholly take away. We have met with irreparable losses; we bear within us sorrows that this world can never heal. Then what can we do? We must turn to the suffering and sorrows of others. We must journey on to old age and death. How shall we keep our souls from sinking down? How keep them bright and strong and uplifting in hope?

VIEW OF LIFE. We shall be helped in this by getting as clear a view as may be of the end and purpose of our lives on earth. If we set out with the idea that life is intended simply for pleasure and summer holidays—that it is to be prolonged forever here—we not only miss the end of life but are sure to meet with almost constant disappointment by the way and to suffer defeat at last. But such is not the end of life. Life is intended for growth, for experience, for culture, for discipline. And these things can only be gained through the use of the body and the soul as the result of trial and hardships. The grand, the heroic, the divine qualities of life can be called out only by effort, by toil and sacrifice.

We shall be helped again by a just appreciation of what we have. We often fail to enjoy what we have and fall into a kind of despondency because of what we have not or of what others have. If we will think of what we have and not too much of what we have not we shall find, even the poorest of us, that what we have is much more than we have thought.

We shall help ourselves again by taking a just and hopeful view of the world, by looking on the bright side of things.

Lastly, we shall be helped again by a cheerful and hopeful view of God and the future. This is God's world. He is our Father. He is love.

"Gods in His heaven
Alls right with the world."

JEWISH RITES ARE PERFORMED ON LAD

The birth of the son of Mr. and Mrs. Simon Kaler of 410 L street, was performed yesterday morning at the family home, in the presence of a number of friends. Rev. Garfield of San Francisco officiated at the ceremony. Among those present were Mr. and Mrs. H. S. Fine, Mr. and Mrs. A. Samuels, Mr. and Mrs. Newman, Mr. and Mrs. J. Boem, Mr. and Mrs. A. Miller, Mr. and Mrs. Simon Kaler, Mrs. Maria of San Francisco, Mrs. P. Joy, Mrs. L. Kaler, R. Dunn, Ben Schlimm, Louis Frank, L. Slater, A. Kaler and John Depece.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the child finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes nature's fibers and muscles which nature is expending, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

DEVOTION TO TRUTH IS SUBJECT OF SERMON BY REV. CLAYTON

History of Pursuit of Truth
Leads Into 3 Thought
Channels, He Says

It Is Beginning of All Our
Knowledge and All
Civilization

Rev. Thomas Clayton preached yesterday morning at the First Unitarian church on "Devotion to the Truth." He said in part:

"The truth, we are in understanding that men speak of things as the real cause, or the reality of things. The search for the truth embraces three fields of investigation: the visible universe, the mental (or spiritual) world, which includes the idea of God, and the world of intellect. The history of the pursuit of truth, leads us into three channels of thought: that of Science, Philosophy and Religion."

"Science, as the first of these, seeks to ascertain and classify the facts of the visible universe. The history of science is a long story of hard study and labor, of noble endurance and sacrifice, of suffering and martyrdom, not excelled by any other cause of human history. This is clearly proved by the mere mention of the great names in science from Copernicus down to Darwin. Almost all the great lights of science were met with bitter opposition and persecution. The pursuit of truth, to lead the world to the knowledge of natural phenomena as they really are, and not as they have been supposed to be."

THE MISUNDERSTOOD. The history of science have been grossly misunderstood, and misrepresented, especially by bigoted ecclesiastical jealous of their authority over the minds of the uneducated masses. Science seeks merely to ascertain facts regarding the universe, to classify them, and to advocate theories about them. Science is rightly indifferent to the effects of scientific discovery upon religious beliefs, for if the facts were suppressed, how could religious beliefs, there would have been no advance in the knowledge of the universe at all. Science speaks merely to establish truth, therefore it cannot be an enemy to religious truth.

THE PLAIN TRUTH IS THIS. Religion, as explained in our free book—can't be relieved or cured—can't even be kept from growing worse—unless constantly held in place. Just as a broken bone can't "unite" unless the parts are held securely together.

And—just as a headache or split in the forehead—can't be held in place—unless the right kind of truss is the only thing in the world that can keep a rupture from coming out.

What a difference it will make when you get that kind of truss.

And you can get exactly that kind of truss—without risking a cent of your money.

Thousands say it is as comfortable as their clothing.

No belt, elastic belt or springs around your waist, and no leg-strings. Soft, regulating, self-adjusting. It is held in position by suction—can't shift or slip. The only truss in existence that is honestly guaranteed to hold your rupture every minute of the day.

Sent on 60 Days' Trial to Prove It. We have so much faith in the Cluthé Truss—we have seen it work wonders for so many others—that we can't make one exception for your case and let you try it at our risk.

We'll give you 60 days' trial to prove that this truss will keep your rupture from coming out, when you are working from morning till night. If it will not hold at all other times—it will not hold at all other times—you've had your money back.

And with your rupture—the trial we all prove your condition. If it will not hold, you don't prove it, then the truss won't cost you a cent.

CHARACTER. Characters are built on foundations of truth. If you possess the character, though, builds it himself. Character is built from what you see, read, do and love. See all that is beautiful, true and good. Read all that is true and the expression of human needs and aspirations. Do all you can that is good. Love Him who is the supreme example of purity and truth and at the last of life you will find that you have a fireproof character.

May Sandbeck rendered several cordial solos during the meeting and Rev. Shirley Shaw conducted the union singing. Rev. J. L. Skinner delivered the opening prayer, the scriptural reading was by Rev. A. D. Smith and H. C. Avery introduced the speaker. Benediction was pronounced by Rev. A. D. Smith.

ALL RUPTURES ARE BAD. No rupture is good. If you are afflicted, see Smith Bros., the druggists, who make a specialty of truss fitting.

SCORN FRIVOLITIES FOR THE SERIOUS THINGS, SAYS REV. GIFFEN

Pastor of First Congrega-
tional Church Speaks in
Courthouse Park

Develop Character You May
Wish To Take Into Next
World, is Advice

The necessity of building one's character out of the trashy frivolities of life but of serious intellectual timber was emphasized by Rev. Thomas T. Giffen, pastor of the First Congregational church, in his sermon delivered at the park service of the Y. M. C. A. yesterday afternoon. In part, the minister spoke as follows:

"If you have ever passed through a city recently swept by a disastrous fire, you have found dead streets, discolored, gaunt, and charred pillars rising ghostlike in the midst of ruins where once stood handsome buildings and beautiful residences. Then you might come upon a structure of steel and concrete, which though surrounded by ruin stood unscathed and for so long a time unscathed by reason of the material of which it had been constructed and was unscathed by the seething flames."

"When we came into this life our moral foundation was already laid by our ancestors but it is upon that foundation that each of us must build his character. Let us take care that we build a character which will stand the moral test and not a character which will crumble before the flames of life."

HOW SPEND YOUR TIME. "How do you spend your afternoons and evenings? In listening to the absurdities of Koll and Bill and watching silly and foolish pictures fluted in a screen? I have stood in front of the Orpheum and seen splendid young men coming from a matinee in the play house—young men, strong and powerful, who should be shoveling dirt, coming from an afternoon of idle, fruitless amusement."

Don't think that I am condemning theaters, moving pictures and the like for we may need shows that portray the silly and frivolous of life. But if we must go to a vaudeville, let us also go to the Orpheum, Henry the VIII, The Passing of the Third Floor Back, The Servant in the House, and other such plays of character and which foster serious thought. If you build your character of the lighter things there is a mighty little which you will wish to carry on into the next world—most of it is trash."

READ SERIOUS BOOKS. "What do you read? Do you devote your time to trashy literature and cheap novels? They may be all right in their place but if you must read them also read such masterpieces as David Copperfield, The Scarlet Letter, Vanity Fair, Les Miserables, by authors who know what the moral life is worth and building with these memories have something you may wish to carry with you into the next world."

Do you spend all your time in gathering money when you have no aspirations left, except to get rich? Do you have no aspirations left, except to get rich? Do you have no aspirations left, except to get rich?

What do you think about? Bains, crops, lands, million dollar corporations and raise exchanges? It is all right but you can't take them with you into eternity. Think about the great things of life—God, eternity, justice, righteousness and the human soul."

CHARACTER. Characters are built on foundations of truth. If you possess the character, though, builds it himself. Character is built from what you see, read, do and love. See all that is beautiful, true and good. Read all that is true and the expression of human needs and aspirations. Do all you can that is good. Love Him who is the supreme example of purity and truth and at the last of life you will find that you have a fireproof character.

May Sandbeck rendered several cordial solos during the meeting and Rev. Shirley Shaw conducted the union singing. Rev. J. L. Skinner delivered the opening prayer, the scriptural reading was by Rev. A. D. Smith and H. C. Avery introduced the speaker. Benediction was pronounced by Rev. A. D. Smith.

Trusses Like These Are A Crime

Get Rid of Elastic Bands, Springs and Leg-Straps. Such Harness Has Forced Thousands to Undergo Dangerous Operations.

Trusses like these shown above—the belt and leg-strings, elastic and spring contraptions sold by drug stores, surgical supply houses and many self-styled "Hernia Specialists"—make life miserable for everybody who wears them.

And—when drawn so tight you can scarcely stand to keep them on—they do no good. They only make matters worse. They often do immense harm—they squeeze the rupture, often causing strangulation—dig into the pulsing veins in front—press against the sensitive spinal column at the back.

The Plain Truth Is This. Rupture—as explained in our free book—can't be relieved or cured—can't even be kept from growing worse—unless constantly held in place. Just as a broken bone can't "unite" unless the parts are held securely together.

And—just as a headache or split in the forehead—can't be held in place—unless the right kind of truss is the only thing in the world that can keep a rupture from coming out.

What a difference it will make when you get that kind of truss.

And you can get exactly that kind of truss—without risking a cent of your money.

Thousands say it is as comfortable as their clothing.

No belt, elastic belt or springs around your waist, and no leg-strings. Soft, regulating, self-adjusting. It is held in position by suction—can't shift or slip. The only truss in existence that is honestly guaranteed to hold your rupture every minute of the day.

News From Central California

HOMESSEEKER RUSH TO STATE WILL BE LARGE

T. F. Saunders Returns From Eastern Trip and Reports Big Inquiry

KERMAN, Sept. 8.—T. F. Saunders returned today from an extended business trip through the northwest, which included a tour of Washington, Montana, Idaho, and British Columbia. He reports great interest in all sections he visited in California and expects that the travel of homeseekers to this state this fall and winter will be heavy. The San Joaquin Valley will benefit materially from this travel in Saunders' estimation.

Locally, the homeseeker movement is already being felt. The Fresno Irrigated Farms Company reports an increasing inquiry for land as well as the sale of considerable acreage within the last six weeks for families in other states. The California demand has been unusually large. The same company also reports that a considerable number of persons who have purchased Kernan farms in the past have been here to settle on their place permanently.

The California demand for improved property state that offers are constantly being made for farms in this section at good prices. Mr. F. J. Lemoine has just closed a deal with an eastern party for which Lemoine's forty-acre tract on Highland avenue for a reported consideration of \$300 per acre. Twenty acres of the property is planted to peach trees in their fourth year and the balance is in alfalfa.

On the Screamers ranch, which has recently been subdivided, settlers who have purchased improved alfalfa farms are arriving each week.

BRIDGE CARPENTER FALLS FROM TRESTLE

While working on a trestle for the Stone-Webster company at Big Creek bridge on morning, a bridge carpenter fell from his balance and fell to the ground. He died almost instantly. Word of the accident was telephoned into Fresno yesterday noon after the construction company's private physician and coroner both were notified. The victim was immediately taken to the hospital where he died after a short illness.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and cherry bark. Of these Dr. H. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach, puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of impurities in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. James G. Kent, of 711 E. Street, S. E., Washington, D. C. "I was advised to take a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better now than it was before using your medicine. It does all you claim for it and is satisfactory."

FOR SALE 1200 Acres of Rich Irrigated Delta Land

In Tracts of 40 Acres and Up

Part of the great J. N. Woods Tract of 3500 acres. 1200 acres have been sold—Only 1200 acres left. A rare opportunity.

AD farmers and investors should investigate immediately.

SCHOOL OPENS IN KERNAN SEPT. 16

Formal Opening of High School Will Occur Sept. 13 With Program: Personal and Social News

KERMAN, Sept. 8.—Schools in the town of Kernan will open September 16. Entrance examinations for high school pupils will be held at the high school building on September 14, according to announcement made this week by Principal S. E. Springer.

The formal opening of the new Kernan Union High school building has been set for Friday evening, September 15, when the members of the high school student body will give a program, which will be followed by a watermelon fête.

An increased enrollment is expected in all the districts this year and an additional teacher will be added to the high school faculty as well as at the Dakota and Vinland schools, having the best of these buildings have been completed.

Mr. and Mrs. J. Fred Shedd returned Thursday from an extended automobile trip through Southern California, which took them as far south as the Juarez border. Mr. and Mrs. Shedd left yesterday for Los Angeles and will be here this week.

The first meeting of the Women's Improvement club of Kernan has been called for Wednesday afternoon at 3 o'clock.

Miss Nevada Elliott entertained informally at her home on Friday evening.

The Kernan Hall association gave a dance at its hall in the Barlow Colony last evening.

Mr. and Mrs. A. P. Anderson and daughter, Hubert, of Eagle Lake, Minn., are the guests of Mr. and Mrs. Axel E. Vahlund.

Mr. L. E. Harris will leave tomorrow for an extended trip to Minnesota.

G. A. Ganser, manager of the Kernan Telephone company, left this morning for a fortnight at the coast.

A. L. Baker this week picked a bunch Thompson Seedless grapes weighing 10 pounds, 10 ounces and 10 ounces. John May found a cluster on his vines that tipped the scales at 6 1/2 pounds. The vines in both vineyards are less than six years of age.

A troop of the First United States cavalry, en route from the Sepulveda Grand national park to the Presidio, will make camp here Sunday.

Henry Clark leaves tomorrow for Los Angeles where he will attend the state convention of Rural Mail Carriers as a delegate from Fresno county.

Mr. and Mrs. G. A. Hayward left yesterday noon after the construction company's private physician and coroner both were notified. The victim was immediately taken to the hospital where he died after a short illness.

BETTER LIGHTS IN LIBRARY PROMISED

PORTERVILLE, Sept. 8.—Up-to-date lighting systems are to be installed in the Porterville public library, the trustees having authorized representatives of a local power company to map out a system which will concentrate the light where it is needed on reading and writing tables.

It is stated that at the present time 1,000 watts of power are being used but that with scientific principles applied the same results can be secured with 200 watts.

FINISHES HIS TRIP AROUND THE WORLD

Kingsburg Man Is Home and Made the Cycle in Year's Time; Schools Open Monday; News Gossip

KINGSBURG, Sept. 8.—M. B. Beckles returned last week from a trip around the world. He was gone almost a year and has many interesting things to tell his friends about his trip.

Mr. Beckles and family have returned from their vacation at Lake Tahoe. Mr. and Mrs. Campbell of Illinois are visiting at the home of E. W. Pindley.

Miss Anna Mendenhall of Long Beach is visiting Mr. and Mrs. S. W. Hall.

Miss Edna Erickson of Boston is visiting at the home of Mr. and Mrs. Frank Erickson.

A farewell party was given by Mrs. Erickson at the home of her parents, Rev. and Mrs. G. E. Erickson, last Monday evening by a number of her friends. A beautiful Christmas celebration was presented to Miss Erickson as a remembrance.

Kingsburg grammar school opens Monday and all pupils are urged to be there as the school fund is proportioned by the actual daily attendance.

Mr. and Mrs. Ed Peterson have returned from their wedding trip to Los Angeles and are now very comfortably settled in their new home.

Samuel Larson and his mother, Mrs. John Larson, left Monday for Nebraska.

REFUSES MONEY TO CLEAR TULE RIVER

Tulare Supervisors Want Property Owners to Form Protection District Provided by Law

PORTERVILLE, Sept. 8.—Petitions which were filed with the supervisors requesting that an appropriation of county funds be made for the purpose of clearing the Tule river channel above this city to prevent further dangerous and costly floods, were refused by the board of supervisors at their meeting held in Visalia this week.

Local property owners who asked that the county help with the work were advised to take the proper steps to call an election and form a protection district as provided by law. In that way the cost of doing the work will fall equally on all property owners within the city limits.

MADE HER WELL WOMAN

Mrs. W. P. Volante of Camden, N. J., says: "I suffered with pains in my back and side, sick headaches, no appetite, was tired and nervous all the time. Lydia E. Pinkham's Vegetable Compound made me a well woman and I wish other suffering women would avail themselves of this valuable medicine, made from roots and herbs."

For nearly forty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for women's ailments and sick women do better. Justice will not let try this famous medicine, made from roots and herbs.

CONTRACT IS LET FOR FIRE HOUSE

Reedley To Have Department Headquarters by December; Schools Open Monday; Hunter Injured

REEDLEY, Sept. 8.—J. J. Berg of Reedley has been awarded the contract for the construction of the new fire house for Reedley City. The contractor agrees to have the building ready for occupancy by December 1 of this year. The structure will be of brick and will be 25 feet high. There will be four rooms, a large room at the front for the fire apparatus and three smaller rooms at the back for the firemen.

The Reedley Valley ball team went to Parker Thursday night and defeated the Parker team three games out of four. Next week the Parker team will play in Reedley.

The Reedley grammar school and the Reedley Joint Union high school will open for the year's work Monday, September 10. The addition to the high school building is ready for occupancy.

The remodeling of the Deason building on Main street, which will be occupied by McDonald and Shippey, is practically completed and the building will now be used for the modern structures in the city.

Mr. and Mrs. B. B. Lagunawalter, who have been spending a few days at Woodville, have returned home.

Mr. and Mrs. J. A. Roth, who have been visiting friends and relatives in and near Reedley for several weeks, have returned to their home in Heaton, Kas.

Marion Denen, president of the Reedley National bank, accompanied by his wife and two children, left yesterday for Lawrence, Kansas, for a few weeks visit with relatives. Mr. Denen will visit Chicago and other eastern cities before returning home this fall.

Madam Wickstrom suffered a severe accident while hunting a few days ago. The powder from his shot gun blew back into his face and a grain of powder lodged in his left eye burning it severely. He went to a physician who states that Mr. Wickstrom's eye is not permanently injured though it will be some time before he will have complete use of it again.

W. H. Thompson, president of the California Fruit Growers' Association, was in Reedley part of the week assisting Dr. C. P. Howell in the arrangement of his new optical business in the Moynihan block.

Mr. H. Smith of San Francisco, was in Reedley on business Friday of this week.

J. A. Alexander of San Francisco, transacted business in Reedley and Dinuba part of this week.

Mrs. D. D. Lyon, who has been visiting in the southern part of the state, has returned home.

Leonard Bier of Dinuba, was in Reedley on business Thursday of this week.

John Naylor of Dinuba, was in Reedley part of this week on business.

LAMP EXPLOSION DESTROYS HOUSE

SANGER, Sept. 8.—Fire last night about 8 o'clock destroyed the farm home of Paul Kershaw just a mile northwest of town, and very few articles were saved. The small baby of the Kershaws had a narrow escape, as it was in the room where the fire originated.

Mrs. Kershaw had a very old lamp of the kerosene type, which she had not thought to change. The lamp was on the table and the flame had reached the curtains and then the room. It is supposed she left the lamp too near the window and the draught caused an explosion, at least when the fire was discovered a few minutes later, it was in the part of the room where the lamp had been. The loss on building and furniture will be close to \$2000 with \$1000 of insurance.

Mr. and Mrs. H. B. Robertson, who were married last evening, have gone to Southern California for a ten days' honeymoon.

Admission was made today of the loss to the building which was threatened by fire last week, and had a portion of the roof burned off, and \$300 was allowed by the contractor who estimated the cost of repairs.

Mr. and Mrs. G. E. Robinson of Sanger, spent Saturday and Sunday in Sanger, the guests of Mrs. Robinson's sister, Mrs. T. S. Beck.

"Uncle" Tom Sargent is spending a week in Southern California, where he is attending the national reunion of veterans of the Civil War.

CERES NEWS NOTES OF BRIEF INTEREST

CERES, Sept. 8.—The Ceres Artisan League will have a social night at Riverside Park Monday evening, Sept. 9th, and a very happy party is expected to be the result.

The Ceres Artisan League will have a social night at Riverside Park Monday evening, Sept. 9th, and a very happy party is expected to be the result.

POSTAL UNION OFFICIAL

LOS ANGELES, Sept. 8.—Oscar P. Nelson, president of the National Postal Union of Postoffice Clerks, who is visiting Los Angeles, will be a guest of the Los Angeles Postoffice Clerks.

Nelson came here from Salt Lake City where the national convention of the federation of Postoffice Clerks was held recently.

He was accompanied by Deputy National Secretary, Thomas B. White, and Secretary, Nathan W. Skiff of Los Angeles.

With Messrs. P. H. and Phyllis Nelson, will leave for San Francisco Monday.

CRAIG CUNNINGHAM and wife

of Madera, are at Catalina, where Cunningham is attending the convention of public school superintendents. The convention will last throughout the week, beginning Monday.

GEORGE ROTH, who went to Richmond from Tulare several weeks

back on his honeymoon trip, writes that he and Mrs. Roth are about to start for the latter city with team and wagon. The happy couple is planning to visit here for a time after the long drive down the valley, and will then go to the home of his relatives in the city, where a new residence will be erected.

MRS. E. E. FIX of Dinuba arrived

home from her summer visit to her old Indiana home, Martindale, Tuesday evening. Accompanying her was her brother, C. R. Helmsland, who will likely make this part of California his home. He has formed a most favorable impression of the community and finds it better than it has been described to him by his relatives. The two Misses Fix will not be home until later.

MRS. E. E. HOOPES of Clay Center, Kansas, arrived in Dinuba Tuesday to make a visit covering several weeks with her daughter, Mrs. Nuss, of K. street. This is Mrs. Hoopes' first visit to Southern California and she has become most favorably impressed with the country and especially Dinuba.

ALLEN MACEY, a nephew of Mr. and Mrs. J. N. Hood of Lindsay, has arrived from Kansas City. He expects to remain here for some time and work for the Lindsay Plumbing Company. He thought before reaching here that he would not like the country, but since seeing Lindsay he is delighted with it.

REV. T. W. WILLIAMS of Kernan has gone to Indiana, where he will visit his aged mother. A vacation of six weeks having been granted him by the Rev. L. B. Church of Portland and Mrs. Williams and her mother, Mrs. Stanley, will accompany him to that city, where they will visit for several weeks.

EDWARD MOORE of Ballyhenry, Ireland, arrived in Dinuba Tuesday, about 10 o'clock, after a long journey. The deceased was a brother-in-law of the late Mrs. Daniel Reilly and resided in this city for a short time, leaving for Ireland about two years ago.

FINISHES HIS TRIP AROUND THE WORLD

Kingsburg Man Is Home and Made the Cycle in Year's Time; Schools Open Monday; News Gossip

KINGSBURG, Sept. 8.—M. B. Beckles returned last week from a trip around the world. He was gone almost a year and has many interesting things to tell his friends about his trip.

Mr. Beckles and family have returned from their vacation at Lake Tahoe. Mr. and Mrs. Campbell of Illinois are visiting at the home of E. W. Pindley.

Miss Anna Mendenhall of Long Beach is visiting Mr. and Mrs. S. W. Hall.

Miss Edna Erickson of Boston is visiting at the home of Mr. and Mrs. Frank Erickson.

A farewell party was given by Mrs. Erickson at the home of her parents, Rev. and Mrs. G. E. Erickson, last Monday evening by a number of her friends. A beautiful Christmas celebration was presented to Miss Erickson as a remembrance.

Kingsburg grammar school opens Monday and all pupils are urged to be there as the school fund is proportioned by the actual daily attendance.

Mr. and Mrs. Ed Peterson have returned from their wedding trip to Los Angeles and are now very comfortably settled in their new home.

Samuel Larson and his mother, Mrs. John Larson, left Monday for Nebraska.

REFUSES MONEY TO CLEAR TULE RIVER

Tulare Supervisors Want Property Owners to Form Protection District Provided by Law

PORTERVILLE, Sept. 8.—Petitions which were filed with the supervisors requesting that an appropriation of county funds be made for the purpose of clearing the Tule river channel above this city to prevent further dangerous and costly floods, were refused by the board of supervisors at their meeting held in Visalia this week.

Local property owners who asked that the county help with the work were advised to take the proper steps to call an election and form a protection district as provided by law. In that way the cost of doing the work will fall equally on all property owners within the city limits.

MADE HER WELL WOMAN

Mrs. W. P. Volante of Camden, N. J., says: "I suffered with pains in my back and side, sick headaches, no appetite, was tired and nervous all the time. Lydia E. Pinkham's Vegetable Compound made me a well woman and I wish other suffering women would avail themselves of this valuable medicine, made from roots and herbs."

For nearly forty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for women's ailments and sick women do better. Justice will not let try this famous medicine, made from roots and herbs.

CONTRACT IS LET FOR FIRE HOUSE

Reedley To Have Department Headquarters by December; Schools Open Monday; Hunter Injured

REEDLEY, Sept. 8.—J. J. Berg of Reedley has been awarded the contract for the construction of the new fire house for Reedley City. The contractor agrees to have the building ready for occupancy by December 1 of this year. The structure will be of brick and will be 25 feet high. There will be four rooms, a large room at the front for the fire apparatus and three smaller rooms at the back for the firemen.

The Reedley Valley ball team went to Parker Thursday night and defeated the Parker team three games out of four. Next week the Parker team will play in Reedley.

The Reedley grammar school and the Reedley Joint Union high school will open for the year's work Monday, September 10. The addition to the high school building is ready for occupancy.

The remodeling of the Deason building on Main street, which will be occupied by McDonald and Shippey, is practically completed and the building will now be used for the modern structures in the city.

Mr. and Mrs. B. B. Lagunawalter, who have been spending a few days at Woodville, have returned home.

Mr. and Mrs. J. A. Roth, who have been visiting friends and relatives in and near Reedley for several weeks, have returned to their home in Heaton, Kas.

Marion Denen, president of the Reedley National bank, accompanied by his wife and two children, left yesterday for Lawrence, Kansas, for a few weeks visit with relatives. Mr. Denen will visit Chicago and other eastern cities before returning home this fall.

Madam Wickstrom suffered a severe accident while hunting a few days ago. The powder from his shot gun blew back into his face and a grain of powder lodged in his left eye burning it severely. He went to a physician who states that Mr. Wickstrom's eye is not permanently injured though it will be some time before he will have complete use of it again.

W. H. Thompson, president of the California Fruit Growers' Association, was in Reedley part of the week assisting Dr. C. P. Howell in the arrangement of his new optical business in the Moynihan block.

Mr. H. Smith of San Francisco, was in Reedley on business Friday of this week.

J. A. Alexander of San Francisco, transacted business in Reedley and Dinuba part of this week.

Mrs. D. D. Lyon, who has been visiting in the southern part of the state, has returned home.

Leonard Bier of Dinuba, was in Reedley on business Thursday of this week.

John Naylor of Dinuba, was in Reedley part of this week on business.

POSTAL UNION OFFICIAL

LOS ANGELES, Sept. 8.—Oscar P. Nelson, president of the National Postal Union of Postoffice Clerks, who is visiting Los Angeles, will be a guest of the Los Angeles Postoffice Clerks.

Nelson came here from Salt Lake City where the national convention of the federation of Postoffice Clerks was held recently.

He was accompanied by Deputy National Secretary, Thomas B. White, and Secretary, Nathan W. Skiff of Los Angeles.

With Messrs. P. H. and Phyllis Nelson, will leave for San Francisco Monday.

drive by Bayless brought in the deciding score at the close of a ten inning game. The trans-hay players annexed an easy victory in the morning contest, defeating the Southerners by a score of 6 to 6. The afternoon score was 4 to 2. The standing of the clubs in the pennant race remains unchanged but Vernon climbed to within four points of Los Angeles.

In the afternoon match, Oakland tied the score in the ninth, having previously missed a half dozen chances. In even score count, Christian was sent to the box in the tenth. Carlisle walked and Payne sacrificed advancing Carlisle. Bayless' double to right-field brought in the big score. Vernon was charged with five errors and in spite of the adverse score, the record shows that the Southerners were outbatted and outplayed.

In the morning game, two of Oakland's scores were made in the first and two in the eighth. Each team registered seven hits.

JIM FLYNN TO MEET AL PALZER

LOS ANGELES, Sept. 8—Jim Flynn, the heavyweight pugilist, will leave tomorrow for Pueblo, Colo., his home, enroute to New York, where he expects to get a match with Al Palzer, who is regarded as his nearest rival for the

Flynn is here to try for a match with Tommy Burns, the former heavyweight champion, who has "come back" aspirations, but he declared that Burns was afraid of him.

MRS. DOW RUNS AUTO

FROM BAY TO SAN JOSE

SAN JOSE, Sept. 4.—In the handi-
cap automobile run from San Francis-
co today the Edgar Allen cup was won
by Mrs. R. E. Dow of San Francisco,
who came down the Oakland side of
the bay. Starting at 9:30, she arrived
here at 11:35. The run was not a speed
test, but it shows what a run commu-
nicate with safety could be made.

COMMISSIONER OF HORTICULTURE IN FRESNO

Is Making Tour of Valley, Delivering Lectures to Fruit Growers

Tells of Quarantine Inspection Work on Goods From Hawaii

Dr. A. J. Cook, state horticultural commissioner, spent yesterday in Fresno and will leave at an early hour this morning for Dinuba where he is to deliver an address before a mass meeting of fruit growers this afternoon. Tonight he will lecture at Fresnoville, leaving in the afternoon for Los Angeles. After spending a few days in Southern California, Dr. Cook will return to Sacramento, his headquarters.

He will not return to Fresno before December 11 when he comes here to deliver a series of lectures at the State Fruit Growers' convention. The meetings will be arranged by F. C. Schell, local horticultural commissioner.

Dr. Cook has been making a tour of the northern part of the San Joaquin valley, having visited San Joaquin, Stanislaus, Merced and Blaine counties en route to Fresno. Saturday night he spoke before a big crowd at Madera and his remarks were received with enthusiasm.

The commissioner announced yesterday that the meetings here between December 11 and 14 will probably be held in the assembly room of the new seven-story Fresno hotel building at I and Madero streets. The most recent big meeting conducted under the auspices of the state commission was held about the middle of June in the assembly room of the Hotel Potter at Santa Barbara. This was known as the annual Fruit Growers' convention. The subject of Dr. Cook's lecture is the work being done by the commission.

He stated yesterday that the national horticultural quarantine law will be of a great deal of assistance to California as it will bring the Federal authorities into the present activity of the commission and assist the state in inspecting all shipments from the Hawaiian Islands into coast ports. The inspection is conducted to find traces of the Mediterranean fruit fly, which it is feared to spread into California and do a million dollars' worth of damage.

JAMES CRONKHITE, DETECTIVE, DIES AT SANITARIUM

Death Overtakes Popular Officer Short Time Before Father Arrives

Had Narrow Escape From Death Last February; Funeral Tuesday

James L. Cronkhite, detective on the Fresno police force, died last night shortly after 4 o'clock at the Eastgate sanitarium, following an illness of several years but which became acute Friday night when he was taken ill while on duty at police headquarters. Cronkhite was 40 years of age and a native of Livermore, California. The body was taken in charge by Stephens & Bean and arrangements for the funeral will be made today.

Cronkhite's death, while sudden, was not unexpected, as the physician attending after performing a delicate operation on the prostate gland, announced that his chances for recovery were one in a hundred. Cronkhite held his own until yesterday afternoon when he sank into semi-consciousness and passed away shortly after 4 o'clock.

POPULAR OFFICER
Cronkhite was one of the most popular men on the force, having been a member of the department for the last seven years. Previous to joining the force he was a city fireman for six years. His services as a city employee were exemplary, having twice been appointed to the position of detective on the police force. Cronkhite was first made detective during former Chief of Police White's administration but returned to the ranks because of poor health.

During Detective John Goehring's absence in Germany, Cronkhite filled his position and upon the return of Goehring, Cronkhite was appointed third detective by Chief of Police Jones, and the appointment was ratified last Thursday night at the meeting of the police and fire commissioners. Cronkhite was taken ill the following night.

The detective's illness dates back about fifteen years ago when he was first bothered with stomach trouble. He was ill many different times for various periods and of late his friends noticed that he was falling rapidly. Cronkhite for the past few months had said that he was not feeling well and only two weeks before his death had returned from Santa Cruz where he spent his annual vacation with his wife. Physicians, when they operated found that ulcers had formed in the abdomen and had eaten away the tissues.

SHOT BY BURGLAR
Cronkhite last February miraculously escaped being killed, in the rear of the Union National Bank Building when he was attacked by V. L. Johnson, a desperado, who shot at the officer, the bullet striking him. The man was killed in his tracks by Cronkhite. Cronkhite's bravery was appreciated and lauded by the citizens of the city and a beautiful gold watch and chain were purchased by merchants and presented to him.

Cronkhite when he was taken from the force and detailed as detective, was wearing No. 2. With Cronkhite's death, the resignation of Henry McCall who was wearing star No. 3, there are two vacancies which Chief of Police Jones will fill within the month.

J. J. Cronkhite, aged 83 years, father of Cronkhite, died last night at the home of his daughter, Mrs. J. E. Van Zandt, arrived in Fresno last night at 7 o'clock. They arrived here just about a half hour after Cronkhite had passed away. News of Cronkhite's serious illness was telegraphed to them Saturday night at Los Angeles, and they left on the early morning train.

Cronkhite spent his early childhood in Modesto where he attended the public schools. He for some time lived in Santa Ana and then moved to Kings county where he worked on the Lathrop vineyard. He later moved to this city.

Besides his wife and father, Cronkhite is survived by Mrs. Frank Schmiedeknecht, a daughter by his first marriage, who resides in San Francisco; four sisters—Mrs. J. R. Van Zandt of Los Angeles, Mrs. L. D. St. Clair of Modesto, Mrs. Nellie Rodgers of Redlands, Mrs. Hester Maxwell of this city, and one brother, C. E. Cronkhite of San Francisco. Edward Cronkhite, a nephew, lives in Coalinga, and Mrs. Samuel Caldwell, a niece, resides in Fresno. All of the relatives arrived in Fresno last night.

Cronkhite realized that he could not live and arranged many of his affairs. He was a member of the Eagles and Foresters. The fraternal organizations with the police have charge of the funeral which will likely be held Tuesday afternoon from Stephens & Bean's chapel.

The following members of the Fresno police department will act as pallbearers at the funeral: Chief Edward Jones and Officers Oliver J. L. Brown, M. Wickstrom, E. M. Castner and C. Hansen.

Chief of Police Jones last night issued a call for a meeting of his patrolmen and detectives in the basement of the city hall at 4 o'clock this afternoon to discuss plans for attending the funeral of Cronkhite. The department will send a monster floral piece.

FUTURISTS RESTATE THEIR ART CREED

PARIS, Sept. 8.—The futurist painters intend to publish a new manifesto, in which they will reformulate their artistic creed. I give a few of their cardinal dogmas.

To paint a human face one must not paint it.

A galloping horse has four hoofs. It has twenty; and their movements are triangular.

A portrait should not resemble the sitter.

How often on the cheek of the person with whom we were talking have we seen the horse which was passing far away at the end of the road.

One has heard of a mole on the cheek, but a horse, especially one with twenty hoofs, whose movements are triangular. They mean to consider the term of madmen as an honorable title. It is just as well.

TO CHARGES MADE AGAINST HIM

Says Valley Association Is Not Being Used for Bakersfield Alone

Merchants In Many Towns Will Benefit From Rate Case, He Asserts

Following the announcement made in Fresno, to the effect that N. B. Solomon and Homer C. Katze, president and secretary, respectively, of the San Joaquin Valley Association, would be called to account for alleged incompetency and for giving their attention to traffic matters of particular interest to the city of Bakersfield, Katze issued a statement, giving his position in the matter.

The claim is made here that the officials of the valley organization are doing work that comes within the province of the merchants of Bakersfield alone and that does not interest all the associations equally.

Katze asserts that he and Solomon are not using the association to further the ends of the traffic advantages, to the detriment of other towns belonging to that organization.

He said that a meeting had been called of the association for Visalia for next month. Katze said that the rate case now being tried in the Bakersfield courts was brought on the long and short haul clause of the State Constitution in the interest of the entire valley. He said in part:

"Among the claims to be collected are those of merchants in Modesto, Turlock, Merced, Madera, Reedley, Dinuba, Selma, Kingsburg, Visalia, Clovis, Bakersfield, Taft, Maricopa, Delano, McKittrick and Wasco.

"In the event of a final successful decision in this case over \$50,000 will be distributed to the merchants who are members of the San Joaquin Valley Commercial Association.

"It can further be stated that not a cent of the association's funds have been expended to furthering the interests of Bakersfield in the traffic matter."

STREET CARS RUN TO ROEDING PARK

Extension of Olive Avenue Route is Officially Opened to Public

Fresno Traction company officials last night estimated that fully 1,500 people yesterday rode over the new street car line from Olive and Washington streets to Roeding Park and which will be open to the public tomorrow.

The new line extends from Olive and Washington streets to the cemetery and is a double track all the way. The street cars yesterday could not make the complete run to the cemetery because the frog to be used at the intersection of the street car tracks and the Southern Pacific line had not arrived. The frog is expected to arrive in a short time and the complete line will then be pressed into service.

It is the intention of the Traction Company officials to give the best service possible and yesterday the cars were placed on an eight minute schedule and will be increased as the service demands. Four cars yesterday made the round trips from the Southern Pacific depot to the park. The short spur down Washington avenue off Olive avenue will be used by two cars.

AUTO DEALER IS CALLED BY DEATH

Frank Haven Expires After Lengthy Sickness; Funeral Today

Following an illness which became critical about two months ago while at the California Hot Springs, Frank Haven of the Haven automobile company, died yesterday morning at his home at 3115 Fresno avenue. Haven was 45 years of age and a native of Kansas. He came directly to Fresno about five years ago from Carthage, Mo., and established himself in the automobile business.

For the past year Haven's health has been failing and about three months ago he went to the California Hot Springs in the hopes of benefiting his health. He grew worse and was brought back to this city two months ago and has been confined to his bed since that time.

Haven is survived by his wife; his mother, Mrs. Lucretia Haven of Los Angeles; two married daughters, Mrs. Lou Hubbard of Kansas City and Mrs. Everett Ship of Fresno; a son, Frank Haven, Jr., and a daughter, Mary Haven; one brother, A. T. Haven of Los Angeles and a sister, Mrs. Anna C. Munsey of Los Angeles.

The funeral will be held this afternoon at 3 o'clock from Stephens & Bean's chapel. The services will be conducted by Rev. Harold Goette of the St. Paul's Methodist church. The remains will be held in a receiving vault and will then be shipped to Los Angeles for burial.

RECEPTION TODAY FOR MISSIONARY

Miss Evelyn Baugh, a returned missionary from Peking, China, will be tendered a reception this afternoon from two to four o'clock at the Hotel of Dr. and Mrs. R. T. Hall.

Miss Baugh, a servant in the foreign field for the Methodist Episcopal church and had attended a women's college in Peking. All friends and those wishing to meet Miss Baugh will be welcomed.

TENDERLOIN IN COALINGA

Eight Houses Destroyed, Involving a Loss of About \$30,000

Trunk Thrown From Second Story Strikes Man; Breaks Ribs

(Special to the Republican)
COALINGA, Sept. 8.—Fire starting from an unknown cause in a dance hall owned by Fred Barrett, completely wiped out the Coalinga tenderloin tonight resulting in a loss roughly estimated at \$30,000 with very little injury to life and property.

The fire was discovered shortly after 2 o'clock and burned briskly for over two hours. It was finally checked by the firemen at the gates of the police in the tenderloin had been razed to the ground. Owing to the fact that the water mains in that section of the city are small, the firemen were unable to play a large stream of water on the fire and were unable to cope with the situation until the fire reached the arena.

The origin of the blaze is shrouded in a mystery. No one seems to know in what room of the dance hall the fire started. Very few were in the dance hall. The fire was discovered by one of the inmates and immediately the hue and cry was started.

Panned by a stiff breeze the flames leaped into the wooden building and were carried from house to house by the wind. When it was seen that the firemen would be unable to check the flames, volunteers started in to move the furniture from the houses, and plans and other costly furniture were saved. In all eight houses including the dance hall were burned to the ground. Two of the dwellings were two-story frame buildings and were elegantly furnished, having tile floors and marble pillars.

MAN IS INJURED
While attempting to drag some of the furniture out of one of the houses, George Purdy, a teamster employed by J. C. Myhew, was struck on the chest by a trunk which was thrown from the second story. Purdy suffered two broken ribs and possibly internal injuries. He was removed to the Coalinga general hospital and is reported to be in a serious condition.

Loudly no one of the flames or sparks spread to the Coalinga Lumber company's yard directly across the street from the burned district. Others to lose property with Barrett were Mrs. Gilbert, Mary Allen and Mrs. Hattie Lundgren, formerly Miss Hattie Russell.

PIONEER PASSES TO GREAT BEYOND

Caleb Bailey Dies at Advanced Age at Home in Mountains

Caleb Bailey, one of the oldest pioneers of Fresno county and one who identified with the early history of the state crossing the plains in an ox team and establishing himself at the Toll House in the early 70's, died yesterday at his home at Humphrey's station where he conducted a general merchandise store. Bailey is reported to be about 75 years of age. He had made his home at Humphrey's station for the last 15 years.

Bailey in his early days was a hunter and trapper in the Sierra Nevada mountains and because of his knowledge of the shortest paths to different resorts he became one of the best known mountaineers in his district.

Bailey's young son was postmaster at Toll House and was one of the leading Democrats in his district. Bailey for many years was the Democratic delegate from his district and a convention without Bailey was a rare occasion.

Bailey has married children living near Fresno. The funeral will be held in the mountains.

GRAND ARMY MEN THROUGH LOS ANGELES

Annual Encampment Will Be Formally Opened Today

LOS ANGELES, Sept. 8.—The crowds which have been pouring into Los Angeles for the forty-sixth annual encampment of the Grand Army of the Republic were augmented today by the arrival of a train of special trains from all parts of the East, Middle West and Rocky mountain states. The registration was much heavier than anticipated for the opening days. Although no national headquarters of the G. A. R. and its affiliated organizations will be opened until tomorrow, which will mark the official opening of the encampment festivities, the registration bureau and various state headquarters were thronged with veterans and their friends throughout the day.

The business section of the city has been elaborately decorated for the occasion. Thousands of flags adorn buildings. Troops of electric lights with colored shades made a daylight as well as a night display and each of the hundreds of ornamental lamp posts in the downtown district is covered with long, graceful palm branches.

A dozen churches held patriotic services today and tonight in which veterans participated. Commander in Chief Harvey M. Trimble delivered an address at one of the churches and seven past commanders in chief spoke at other services. They were Corporal James Tanner, John E. Gilman, Louis Wagner, R. E. Barlett, Leo E. Rosseter, S. R. Van Sant and General John C. Black.

Several thousand attended the special services given by the Knights of Columbus at the Temple Auditorium at which the chief speakers were William County and Commander in Chief Gilman.

The lower delegation began a campaign for the 1913 encampment today when Cook's band and drum corps of

DOES LITTLE DAMAGE; PICKING DELAYED

Prices Are Steady; Rainfall Does Little Damage; Picking Delayed

Green Fruit Shipments Are Falling Off as Season Is Nearly Over

FRUIT SHIPMENTS
Shipments reported today 2,089
Shipments yesterday 36
Total to date 2,125
Prices are holding steady on grapes and in a number of cases the recent northern rains will be very good. The market for Empires is holding up well.

The actual rainfall in the north has done but little damage to the grapes and although the picking has been somewhat delayed, the crop will not be materially affected by the downpour.

The shipments of green fruit are now falling off greatly as the greater part is already on its way. The cars leaving last week were only 151 as against the 344 of the week previous.

According to the weekly market letter of the California Fruit Distributors, written by F. B. McKevitt, the following number of cars of deciduous fruit were shipped from all points in California for the week ending Friday evening, September 6:

Plums—541 cars: Very few plums are left in the state and it is probable that shipments of the coming week will conclude the season.

Peaches—114 cars: It will be seen that the movement of this fruit has been practically stationary here, there being but half a car difference between this week and last. More peaches will be available for shipment from this time on if conditions justify their movement. Salesmen are ready and local classes will be shipped as required. The season is fast drawing to a close and there will be comparatively few peaches to be offered after next week.

Pears—207 cars: Considerable quantities of Bartlett's are still in evidence, but a large percentage of the movement consists of fall and winter varieties. A few Bartlett's will be available for the next two weeks, but the quantity will be small.

Grapes—505 cars: Malagas constitute the bulk of the movement at the present time, although very considerable quantities of Tokays are being forwarded from Florida. Lodi and the early sections, Black Prince will be available for the next two weeks. Very few Thompson Seedless are moving and the remainder of the crop will undoubtedly go on the trays for drying.

Other reports in the letter follow: Weather: California has been visited by a very unusual storm during the past three days and weather reports indicate that for sixty years there has not been an equally heavy rainfall so early in September. A light shower fell on September 3; on the 5th it began again and continued at intervals through the day. Some vineyard sections recently had a general drenching while others have escaped with an insignificant amount. Grapes picking will be delayed for two or three days. While some damage has undoubtedly been done it is not expected that it will materially affect the output unless the storm should continue for many days longer.

Comprehensive statement of shipments in August 31.

that city, preceded by banners containing the invitation paraded the streets to the strains of a musical repertoire in which "Everybody's Doin' It" and "Onward Christian Soldiers" appeared in the struggle for supremacy.

Tomorrow will be Pasadena Day and while most of the visitors will be enjoying the hospitality of the suburb, there will be meetings of various national committees of the G. A. R., the Woman's Relief Corps, the Ladies of the G. A. R., Sons of Veterans, Daughters of Veterans, all of which will meet during the week in annual assembly. Many state and regional reunions are scheduled for the week.

The first gathering of the national encampment will be the semi-official meeting Tuesday night.
